

New Source Review newspaper advertisements for construction permit applications, February 21, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: February 19, February 20, or February 21, 2008. Public notices are generally published every two weeks. The previous publication of public notices was February 7, 2008.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Neo Industries with a mailing address of 1811 W. Lamar Alexandar Parkway, Maryville, TN 37801. They seek to obtain an air contaminant permit (Division identification number: 05-0149-01/61451) for modification of existing Chromic Acid and Sulfuric Acid Plating Operations at the same address. This existing operation consists of chrome plating steel and aluminum work rolls. The requested modification is to replace an old Wet Scrubber with a new more efficient CMP Dry Scrubber. The scrubber is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Blount County *Maryville Daily Times* -- published once on or before Thursday, February 21, 2008.

The applicant is Triple H. Coal, LLC with a mailing address of 100 Memorial Drive, Jacksboro, TN 37757. They seek to obtain an air contaminant permit (Division identification number 07-0141-01/61707) to construct a Coal Handling and Processing Operation located at 2959 South Highway 25W, LaFollette, TN 37766. This proposed operation would consist of a loader, hopper, conveyors, screens, crusher, and associated equipment used to handle and process coal. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Campbell County *LaFollette Press* -- published once on or before Thursday, February 21, 2008.

The applicant is Norandal USA, Inc. with a mailing address of 400 Bill Brooks Drive, Huntingdon, TN 38344. They seek to obtain an air contaminant permit (Division identification number: 09-0012-24/61055) for modification of an Aluminum Casting, Rolling, Annealing, and Homogenizing Operation located at the same address. This existing operation consists of aluminum melting and holding furnaces, annealing ovens, a rolling mill, and associated equipment used to produce sheet and foil aluminum. Natural gas is used for fuel. A baghouse, an afterburner, and an absorption column are used for pollution control. The requested modification is for the

rebuild of the 801 aluminum melting furnace. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Fuss is the assigned Division person.

For the *Carroll County News-Leader* -- published once on or before Thursday, February 21, 2008.

The applicant is Mountainside Coal Company with a mailing address of 7692 South Highway 25W, Williamsburg, KY 40769. They seek to obtain an air contaminant permit (Division identification number 13-0081-01/61702) for a Coal Handling and Processing Operation located at Rock Creek Ridge Road, 305 miles south of Clairfield, TN 37715. This existing operation consists of a hopper, barrel washer, conveyors, screen, crusher, and associated equipment used to handle and process coal. Wet suppression is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Claiborne County *Claiborne Progress* -- published once on or before Thursday, February 21, 2008.

The applicant is Cloud #9 Enterprises with a mailing address of 135 Moreland Road, Mooresburg, TN 37811. They seek to obtain an air contaminant permit (Division identification number 29-0042-01/61698) for modification of an existing Concrete Batch Plant located at Highway 92 – 640 Cherokee Explosive Drive, Rutledge, TN 37861. This existing operation consists of a cement silo, a flyash silo, and associated equipment used to produce concrete mix. The requested modification is to increase material input rate. A baghouse is used for pollution control. There would not be physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Hamblen County *Citizen Tribune* -- published once on or before Thursday, February 21, 2008.

The applicant is Heritage Funeral Home & Cremation Service, LLC with a mailing address of 2120 Circle Drive, Columbia, TN 38401. They seek to obtain an air contaminant permit (Division identification number: 60-0209-01/61705) for construction of a Natural Gas Incinerator located at the same address. This proposed operation would consist of a cremator and associated equipment used to cremate human remains. Natural gas would be used for fuel. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the Maury County *Daily Herald* -- published once on or before Thursday, February 21, 2008.

The applicant is Food City Gas N Go #699, with a mailing address of P.O. Box 1158, Abingdon, VA 24212. They seek to obtain an air contaminant permit (Division identification number: 82-0421-01/61688) for construction of a Gasoline Dispensing Facility at 5970 US 11 East, Piney Flats, TN 37686. This proposed operation would consist of two gasoline storage tanks and associated gasoline dispensing equipment. Stage I gasoline vapor recovery would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Sullivan County *Kingsport Times-News* -- published once on or before Thursday, February 21, 2008.

The applicant is Nakatetsu Machining Technologies LLC with a mailing address of P.O. Box 918, Jonesborough, TN 37659. This company seeks to obtain an air contaminant permit (Division identification number: 90-0373-01/61653) for a shot blasting operation located at 234 Precision Boulevard, Telford, TN

37690. This source consists of a shot blaster and dust collector for particulate matter control. There will be physical construction. Regulated air contaminants will be emitted by this source. Mr. Doug Warden is the assigned Division person.

For the Washington County *Herald and Tribune* --published once on or before Thursday, February 21, 2008.
